Space Bandits #1 Review

By Sutharsika Nimalarajah

Our class were lucky enough to get fantastic new comic called Space Bandits written by Mark Millar, illustrated by Matteo Scalera and published by Image Comics. I love the art, the detail and the use of colour.

The story is about two space bandits who want revenge. I love the way Cody Blue's gang turns on her and Thena Khole gets handed in by her boyfriend.

The art in this comic is very similar to two of our teacher's favourite artists, Ian Gibson and Cam Kennedy. Writer Mark Millar has

written Ultimate Fantastic Four,
Superman: Red Son and so on.

Space Bandits is aimed at older
readers but Sir gave us an edited
version to review.

I give the art a 10/10 and the
writing a 10/10. I find this comic
very interesting. I also love the
personality of the anti-heroes too.
