

Visited School to deliver 'SPEAK OUT STAY SAFE' message to KS1 via assembly + KS2 Assembly + Workshop. - All the children were fantastically well behaved. They all paid really good attention and gave some great responses when we tested who had been listening. A great visit and the children and staff all made the school really warm. Thank you for making us feel so welcome. JJJ

Visited this wonderful and welcoming school to complete an audit for the English Hub and to observe phonics teaching in reception and Year 1 with a focus on wider reading. The passion and enthusiasm from the staff was refreshing - the relationships they had with the children, the focus of the learning and enjoyment was evident throughout the key stages. We have had a productive day and positive outcomes. Thank you so much for the warm welcome - It had been a real pleasure to work with you and we look forward to visiting again in the future.
