

Immunisation Service

Starting Reception Class?

See important information below

Each year your child will be offered the nasal spray to protect against flu. We will send out consent forms in early September. It is important you sign and return this form to school, fully completed by **20th September**.

The Importance of Immunisation

The two public health interventions with the greatest impact are clean water and vaccination (World Health Organisation)

Vaccination is the most effective medical intervention in the world

Now is also the perfect time to check with your GP if your child is up to date with all their immunisations.

Measles is a highly infectious viral illness that can be very unpleasant and sometimes lead to serious complications.
