

Hello to all Reception children and families! I hope that you are staying safe and are well. Here are some activities to go with what's already on the school website (Home Learning EYFS). We will keep adding things as the weeks go by.

Reading and Writing

- There are loads of reading books online. If you access the Oxford Owl website, you can register online and there are lots of free books to read. Please do so as reading is the key to all learning.
- Ruth Miskin is doing Read Write Inc. phonics online on YouTube. The Set 1 sounds session is at 9.30 each day, tune in to this.
- Write at any opportunity for anything!! Use anything! Pencils, felt tips chalk etc....Practise writing name, first then surname. Write CVC words such as cat, bat, tin, bed. If they are confident with that try a caption, taking care to use finger spaces in between words, e.g. pup in mud, doll in a cot, cap on a peg. Again if they are able, try a simple sentence e.g, A cat got on a bus.
- Take time to practise letter formation, ensuring the letters are the correct way around.

Numbers and Mathematics

- Order numbers to 20. You can write numbers on small pieces of card and ask them to order them. Go beyond 20 if your child is confident. Equally just go up to 10 if they need it. Flash numbers out of order by themselves to check number recognition.
- Baking and cooking with your child will cover lots of weighing and measure work.
- Make patterns and sequences with your child e.g red, blue, yellow what will be next?
- Again, write or make numbers with whatever materials you have. If writing, take time to get the number formation correct and the numbers facing the right way.
